

Worden's Words

Monthly Update on What's Happening in Room 11

February Edition

This month contained lots of fun and exciting things such as Catholic Schools Week and winners galore! This newsletter will focus on those rather than our classes.

Catholic Schools Week

Monday was PJ Day, and we played board games.

Tuesday saw a bunch of nerds eating ice cream!!

The following Tuesday (there is always bad weather during CSW) homeroom wars took place. The fifth grade dressed western and won the pizza party for unit 2. For some reason, we don't have any pictures from our pizza party. I think we were too busy eating the pizza to think about taking pictures!!

Fifth Grade Gala Project

Third Place - Vera Loecke

Third Place - Anne Dunkel

Congratulations to all the winners!!

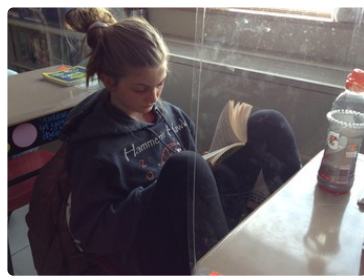

Valentine's Day Party

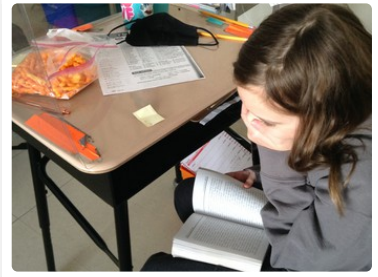

We had our Valentine's Day party on Friday, Feb. 12. There were plenty of valentines and sweet treats to go around! Thanks to the parents who provided goodies for our party!!

Fat Tuesday Read and Feed

The students participated in a read and feed on Fat Tuesday. It was one of the school's Lenten activities. Our class photographer went around and snapped some photos of her classmates in the act of reading and/or feeding.

Students Speak...

What would you like your teacher to say about you at conferences?

I am getting better at math. I am a good student. I am good at reading. Do I have good science grades?

What I need to do better so I can learn from it, and what I'm doing right so I can keep it up.

Good things, not bad things and that I'm the best student ever.

That I am your FAVORITE student. Also that I am ok at grammar stuff.

That I am a pretty decent student. I do talk a bit much. I get good grades, I try my best. And finally last, but not least, we're her favorite class!

He is so awesome. Please take him to Florida soon. Just kidding, he is the best student ever.

I am nice and polite. I try hard and do my best at everything.

I am good at spelling and better than Mrs. Worden at checkers.

Whatever you want.

I am quiet and I am good at math.

Good things about me.

I am so good and what I need to improve on. I don't care, whatever you want.

I am a good student.

I don't care. Whatever you want!!

I have been doing very good in all my subjects and that I am very pretty. Also I want you to be honest about what you think about me.

I was good, and that I haven't been any trouble.

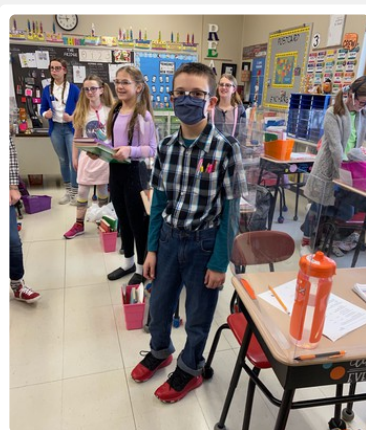

I like reading tests more if they are realistic fiction, and I have been very good.

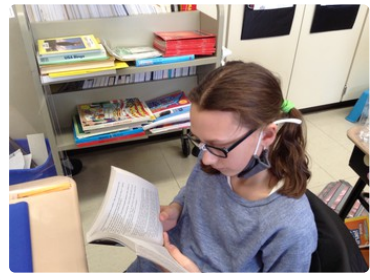

How I do in school. How my work is. If you like me or not, and whatever you would like to talk about!

I have 19 almost 20 books read. I am kinda improving on math and spelling and reading.

I'm a good student. I have a lot of friends.

More nerd pictures...

Looking ahead...
